ROOMS OF THE MARYLAND HISTORICAL SOCIETY,
BALTIMORE, *November 12, 1883.*

TO THE HONORABLE

THE SENATE AND HOUSE OF DELEGATES OF THE STATE OF MARYLAND:

Gentlemen:—At a meeting of the Maryland Historical Society, held on the 12th of November, 1883, the Committee to which the custody of the Archives of the State had been confided, reported as follows:

To the Maryland Historical Society:

Gentlemen:

The Committee appointed by you at the last Annual Meeting of the Society to take charge of the Archives, then recently deposited by the State, has much pleasure in handing you, and through you to the General Assembly of Maryland, the first volume of its labors, and with the volume the following

REPORT.

Many reports have been made to the State concerning the Archives, both by Committees and individuals appointed by the General Assembly. With but few exceptions these reports were directed more to the manner in which the Archives were cared for than to the Archives themselves. The first full report seems to have been that of the Commission appointed in 1722. They kept a record and made a tolerably full report to the Assembly; it referred particularly to the condition of the Land Records, the Judicial and Testamentary Proceedings. Such of the volumes as needed it were repaired, others lacked indices which were supplied, and many needed copying to save their contents. Four of the volumes copied by their order are now in our possession. In 1776 a Committee of the Council of Safety made a voluminous report. In both these reports only bound books were noted. Coming down to our own times, Mr. David Ridgely, in 1835, being then the Librarian of the State, was directed by the Assembly to examine the various offices and report upon the State Papers in them. The result of his examination was printed in 1835. So far as the bound

books are concerned his report is definite enough; but the meagre description of the large accumulation of loose papers makes it almost useless as a guide to what he recovered. The books and papers gathered by Mr. Ridgely from the various rooms of the State House, from disused offices, cupboards, underneath the staircases, from the lofts, the cellars, and even the stairway leading to the dome, were not afterwards kept in one repository, but were again distributed to offices where they were supposed to belong. The State owes largely to Mr. Ridgely for his recovery of many papers which would have in a few years been irretrievably lost; not only for the recovery are we under obligation, but for the prompt copying of many that were in very bad condition, and are not now to be found.

Subsequently John Henry Alexander, LL. D., the Rev. Ethan Allen, D. D., and Colonel Brantz Mayer made reports, the two former on the Proprietary, Council and Assembly Records (of a few of which they made a very useful calendar), and the latter upon the Miscellaneous correspondence and loose papers. These reports are both useful and interesting.

The Assembly has never been unmindful of the value of the State records, but the papers were scattered through many offices and insecure places, unarranged and, apparently, without responsibility attaching to any one for their safekeeping; the loss of many valuable papers would indicate that free access could be readily obtained.

After several efforts made at various times both by the Society and by individuals to obtain from the State an appropriation for publishing the early records, your Society, through a committee, obtained from the General Assembly of 1882 the temporary custody of all the early records for the purpose of arranging, cataloguing and making them more generally accessible, under proper safeguards, to historical students and investigators. With the deposit came also an annual grant of one thousand dollars for two years to have such documents as were of historical importance copied and printed.

When the Act of 1882 was passed there was not in our building a suitable fire-proof repository for the papers to be deposited with us, and the Society was compelled to ask its members and friends to raise a large sum of money to make one of the rooms on the main floor absolutely fire-proof. While this room was being prepared, several visits were made to Annapolis, and the various offices connected with the State government were examined for such papers as came within the Act of 1882. A large collection of Manuscripts, bound and unbound, was found, carefully packed, and sent to the Society's rooms, where they were immediately placed in the fire-proof.

The largest and most valuable collection was found in the Land Office, which has been for several years the official custodian of the Archives. From the State Library a few bound and unbound volumes were received, and from the office of the Clerk of the Court of Appeals four volumes of the laws. Receipts were given in the Society's name

to each of these departments for the papers obtained from them, and a duplicate retained by the Committee.

The Papers as they came to us had no mark of ownership on them, nor do we believe the State has ever placed a stamp on any of its archives: had this been the case, much of the valuable material rescued by Mr. Ridgely would doubtless still have formed part of the records of the State. The Committee, recognizing the fact that the Society is responsible for the safekeeping and return of these papers, have had each item plainly stamped in blue ink with the following device:

Archives of the State of Maryland.
--

so that further loss might be guarded against.

The Society is probably aware that the General Assembly of 1846, by their 27th Resolution, deposited a number of the early records with us. They were briefly described in the Catalogue made by Mr. Lewis Mayer in 1854, and are still in our possession. In addition to these the Society received from the family of the late Rev. Dr. Allen two volumes he had used in the preparation of Alexander's Calendar, and they purchased from a dealer in second-hand books two volumes that had been sent from Annapolis with a large collection of waste paper; a Council Journal of 1692-3 given to the Mercantile Library Association is also among the Archives. All these, with the collection recently received, have been systematically arranged, and a description more or less minute as the volume seemed to demand has been made of each. This has been absolutely necessary both for this report and so as to mark out definitely a line of procedure in the first volume of the Archives. When the volumes had been thoroughly analyzed, the Committee after a careful examination of them decided that as the Proceedings and Acts of the early Assemblies presented an almost unbroken record from the beginning, this should constitute the first volume; for of the Proceedings only those of 1637/8 had been printed, and of the three hundred or more laws passed up to 1664 the full text of only six was given by Bacon in his compilation of 1765.

It was desirable, before any transcribing was done, that the Committee should have the service of a competent person to edit and have continuous supervision of the work; for no member of the Committee could give his entire time to the preparation of the volume. They recognized the fact that but few men have the knowledge, inclination, accuracy and time for such work, and they could suggest but one gentleman who possessed that familiarity with the early history of the State and who combined the requisites necessary for carrying out the Committee's plan. They therefore invited Dr. William Hand Browne to edit the series. Dr. Browne cheerfully accepted the Committee's invitation, and with the aid of copyists began work in February, 1883.

The Committee laid down a rule, in which Dr. Browne concurred, that the transcripts should be exact copies of the original records, and this rule has been rigidly adhered to.

The labor of arranging, transcribing and verifying the materials for this volume, scattered through many books, and occurring in many instances very much out of the chronological order of the volume in which they were found, has been very great.

The copy for the printer was made with the utmost care, and a critical examination of it with the originals word by word, and in a large part letter by letter, throughout the whole work, has corrected whatever errors may have crept in.

During the progress of the work it was discovered that the full text of many of the Laws passed was not in our possession, nor were the laws in the State Archives; Bacon noted many of them by title, but gave no reference to sources; of others which were known to have been passed, he had no note. After a diligent search a contemporary volume containing all the laws passed from 1649 to 1676 was found by the aid of Mr. W. Noel Sainsbury's Calendar of State Papers, in the Public Record Office, London. From this book, a minute description of which Mr. Sainsbury kindly furnishes, we have obtained all the Laws which were lacking for the present volume.

The Committee believe they have now a copy of every law passed in the Province up to 1670 except those of 1634/5 and 1637/8, six Acts of 1647/8, and those of 1659/60, if any were passed in this session.

With the Laws obtained from London the Committee also received copies of all papers in the Public Record Office relating to Maryland up to 1668, part of which they hope to include in the next volume of the Archives.

With a view of placing on permanent record and showing to the General Assembly, students and others what Archives the State possesses, the Committee has had the annexed Calendar prepared.

It is a matter of surprise and congratulation to them to know, that although these Archives have been exposed to many perils, of war, carelessness and theft, so many survive. What has been lost can never be accurately known—those that have been placed in our custody show the Proprietary Record Books to be nearly perfect from 1637 to 1658, the only serious breaks being the period from February, 1644/5, to March 22, 1647/8, and the pages in original Libers F and B which are not transcribed in the modern copies.

The series of the Council Books is the most imperfect. From August 8, 1636, to December, 1671, they lack but little except the omissions noted above, but from January, 1672, to April, 1692, there is no record; from April 6, 1692, to August 16, 1708, they are perfect save the six months between October 4, 1703, and April 12, 1704; from August 17, 1708, to October 26, 1714, there is no record; from October 27, 1714, to December 27, 1715, perfect; from December 28, 1715, to August 17, 1721, there is no record; from August 18, 1721, to September 24, 1770, perfect.

The Assembly Journals to the September session, 1664, are included in this present volume. Subsequent to this date the Upper House is represented by Journals of 1666, 1669; March and October, 1671, 1674, 1675, 1676; August and November, 1681; April and October, 1682, 1683, 1684 and 1688.

The Lower House during this period is represented by Journals of 1666, 1675, 1676 and 1678; from December, 1688, to May session, 1692, the Journals of both Houses are missing; whether there were Assemblies in these years we are unable to say. The Journals of both Houses from May, 1692, to April 19, 1774, the last day of the session of the Provincial Assembly, are complete, with the following few exceptions: In the Upper House, September, 1693, April, 1716, and November, 1770; in the Lower House, September, 1694, April, 1700, June, 1702, October, 1703, September, 1704, October, 1712, October and November, 1773.

Of the Laws for the Provincial period, all those passed up to 1664, with the exception of those before noted, are in the present volume; subsequent to this the laws passed at each session are in the Archives or can be obtained up to 1678; but between this date and May, 1692, our searches have revealed nothing but the titles of Laws as recorded in the Journals; from 1692 to 1774 it is probable that we can find the full text of all the Laws. The period between April, 1774, and the assembling of the State Legislature in February, 1777, is covered by the Convention of 1774-1775-1776, the manuscript of part of which, in a very damaged condition, is among the Archives, and the Council of Safety from August 29, 1775, to March 20, 1777.

The Senate Journals are represented by the March session, 1778, October, 1780, May, 1781, November, 1781, April, 1782, November, 1782, April, 1783, November, 1783, and the House of Delegates by February, June and October, 1777, October, 1778, November, 1779, March, 1780.

The Proceedings of the Governor and Council from March 20, 1777, to 1788 are perfect, both in the original rough drafts and in fair copies.

From the foregoing brief summary it will be seen that the documentary history of the Province and State can be gathered measurably complete from the existing Archives.

The Committee regrets its inability at this time to furnish a full catalogue of the Miscellaneous papers, consisting of Letters, Instructions, Commissions, Lists of inhabitants of the various Hundreds, etc., placed in their charge; progress has been made in a Calendar of them, and it is hoped the entire collection will have been noted by the appearance of the second volume of the Archives, when they will give an account of them. There are between 8,000 and 10,000 separate papers in the Miscellaneous collection, most of which relate to the Revolution.

The Committee desires to express their appreciation of the ability and zeal with which the Editor, Dr. William Hand Browne, has conducted the work of preparing and publishing this first volume of the Archives.

The Committee also desires to place on record an acknowledgment of the courtesies extended them by Dr. William R. Hayward, Commissioner of the Land Office, and Mr. George H. Shafer, clerk in the same office, Dr. E. P. Duval, State Librarian, and Spencer C. Jones, Esq., Clerk of the Court of Appeals, in facilitating the search for and collection of the various State Archives.

The Committee feel that to the Manager of the printing establishment of I. Friedenwald, and to the compositors, proof-readers and others engaged on this work, special recognition is due of services of a peculiarly difficult and laborious kind, performed with zeal, patience, fidelity and intelligence that cannot be estimated at a mere money value.

The Committee has given its earnest attention to the work, and it hopes that the publication now begun under such favorable circumstances, may be continued until the entire series of Provincial and Revolutionary Records of our State is placed in print.

Respectfully submitted,

JOHN W. M. LEE,
BRADLEY T. JOHNSON,
HENRY STOCKBRIDGE,

BALTIMORE, *November 12, 1883.*

Committee.

Which, upon motion, was accepted and approved, and ordered to be printed.

The Society, in accepting the volume, passed the following resolution:

Resolved, That the officers of this Society, in presenting to the Legislature the first volume of the Archives of Maryland, are requested to give an earnest expression to the opinion of this Society, that the publication now made at the expense of the State is satisfactory in the highest degree to those who are interested in the history of Maryland; and are also requested to urge upon the representatives of the people to provide liberally for the continuance of the publication, so that the origin and growth of our civil institutions may be thoroughly understood by the citizens of this State, and made likewise accessible to those at a distance who may wish to study the development of a free Commonwealth.

Trusting that the work may meet the approval of your honorable bodies,

We have the honor to be,

Very respectfully,

JOHN H. B. LATROBE,
President.

Corresponding Secretary.

THE ORIGINAL.

This is probably the second book of records of the Province. It is a folio, and was rebound in rough sheep after the year 1725.

The first few leaves have been stained by water, and the frequent handling of the book has defaced the entries on the earlier pages. The Secretary who kept the record left generous margins, so that where the leaves are damaged or deficient it is only in a line or two on any page. The pages after 30 are in good and perfect condition.

The volume is a daily record of transactions, but the chronology, occasionally, is not perfect. It consists of Warrants, demands for Debts and for Land, Proclamations, Commissions, Declarations, Letters, Council, Court and Assembly Proceedings, Wills, Inventories, Accounts of Administrators and of the Proprietor's agents, Assessments, etc., in fact, all the business of the Province seems to have been recorded in this book up to October, 1642.

The volume is divided into four heads or parts. For the first 87 pages, to September 21, 1638, there is no contemporary pagination; in this part occur the Demands, Warrants, Proceedings of the first Assembly of which we have a record, etc. The second part begins with 3 pages of index to the succeeding 45 pages, which are numbered in a contemporary hand, beginning with p. 1, and contain a Record of Cases Testamentary, commencing October 23, 1638, and ending July 20, 1644. (There is but one entry of the year last named and but one for 1642 3.) The 6th page is blank; pages 7 to 26 are missing; the index, however, does not indicate any entries for these pages. Page 46 is blank, and pages 47 to 58 are missing; p. 59 blank. The third part begins with p. 60, which is an index to pages 61 to 90 (from 87 to 90 the leaves instead of the pages are numbered). The inventories which

appear on these pages begin December 12, 1638, and end October 28, 1642; p. 91 is blank; pages 92 to 118 are missing, neither the index nor the parts of leaves remaining indicating any entries for these pages; p. 119 blank. The fourth part begins with p. 120, being an index to Accompts of Estates, which follow on pages 121 to 130, beginning April 29, 1639, and ending May 7, 1640. The last remaining leaf (pp. 129-130?) is so damaged at the top that the names and dates cannot be given. According to the index on p. 120 the volume lacks 8 pp. at the end, but whether they precede or follow the damaged leaf above mentioned cannot be determined. Comparing this volume with the copy made in 1725, the record is as complete now as it was then, with the exception of the separation of the first leaf (pp. 1-2) from the book, which some one has framed and hung on the wall of the library of the Society. In binding the volume after 1725 the last leaf of Liber A, 1647-1650, was by some mistake added to this volume. The volume is written in the court or record hand of the 17th century, and the writing, with the exception of the Inventory of May 24, 1639, p. 67, is identical throughout.

Many of the entries are signed by Leonard Calvert, the first Governor; John Lewger, the Secretary of the Province; Thomas Cornwaleys, of the Council; George Evelin, of the Isle of Kent; Henry Fleete, and others.

It is the earliest original record book in our possession.

The volume was transferred to the Society's custody by a Resolution of the General Assembly in 1846. It has been briefly described by Drs. Alexander and Allen, and was used in their *Calendar of Maryland State Papers*, volume I.

COPY IN FULL.

Land Office Records, L. O. R., Liber No. 2, pp. 1-190, made in 1725 is a full and careful copy (with the addition of one entry, Sep. 22, 1638) of every entry in the book, except the entries on p. 9, p. 32, three entries on p. 79, and pp. 1-3 of Testamentary papers, and the Wills. The spelling is modernized to that of the year 1725.

The correctness of the copy is attested by the copyist and reader on oath before the Judge of the Provincial Court, and witnessed by three of the Commission on the Records.

COPIES IN PART.

The Commissions, Proclamations and a few other entries appear in a volume made between 1733 and 1750, and bearing the title of *Council Proceedings 1636 to 1657*. This copy was taken from the original, as is shown by marks of transcription on the margin of the latter. It is not a faithful copy, a line here and there, and even a paragraph, being omitted.

The Warrant to Evelin in 1637, the Journal of Proceedings and Acts of the Assembly 1637/8, the Assessments, and the accounts of John

Lewger, appear in a volume made at the same time as that last described, and bearing the title *Assembly Proceedings 1637 to 1658*. The entries in the two preceding volumes are modernized in spelling, and many words are incorrectly transcribed.

LIBER F.

August 8, 1636, to August 28, 1642.

Original missing.

COPIES.

Land Office Records, L. O. R., Liber No. 1, pp. 1-161.

Council Proceedings, Liber C. B., 1636-1657.

The Land Office copy forms pp. 1 to 161 of Liber No. 1 of their Records. It was made in 1724, and its correctness is attested as in the case of Liber Z.

It is, with a few exceptions, a daily record of the land business of the Province. The entries up to p. 30 are somewhat confused as to dates, but after this the volume proceeds with regularity.

The original volume, according to this copy, had 176 pages; but of these, pp. 6, 12, 13, 22, 23, 24, 25, 26, 27, 44, 54, 67, 69, 76, 77, 80, 93, 94, 95, 96, 97, 98, 99, 100, 116, do not appear in this copy; and the single short entries from some of the pages indicate that this is not a full copy of the original.

The entries on pp. 1-8, viz., Petition of Claiborne 1636/7, Order of the King, Feb. 26, 1637/8, and proceedings of the Privy Council, April 4, 1638, are in *Council Proceedings* 1636-1657, p. 4-10.

The Proclamation of Cecilius, Lord Baltimore, appointing Leonard Calvert Governor, April 15, 1637 (pp. 8-17), is in *Council Proceedings* 1636-1657, pp. 11-19.

The Letter of Cecilius, Conditions of Plantation, Aug. 8, 1636, on pp. 28-30, is in *Council Proceedings* 1636-1657, pp. 1-3. There are no Acts nor Proceedings of the Assembly in this volume.

THE ORIGINAL.

This is a large thin folio, and has been recently rebound in half morocco.

With the exception of the lower edges of a few of the leaves up to p. 50, which are damaged by water-stain and frequent handling, the volume is in good condition.

It is a daily record, unbroken from the first to the last date, and consists of entries like those in Liber Z; there are, however, more records of Land Grants, Court Proceedings, mortgages and deeds, than in Liber Z.

A contemporary pagination and index give the volume 200 pages. Page 201 is blank, after which follows an index of 8 pp.; A-G and W, the intermediate letters being missing. The volume lacks also pp. 1-4.

It is written throughout in one hand, which much resembles that of Z, though sometimes more minute.

The volume, until its recent transfer to the Society, has been in the State Library; and has escaped the notice of Drs. Alexander and Allen, neither of whom mentions it in his published report; nor does it seem to have been used in the *Calendar*, except in the few entries transcribed into *Council Proceedings* 1636-57 and *Assembly Proceedings*

1637-1657. Many of the entries in the volume bear the autographs of Leonard Calvert and other leading colonists.

During a recent examination of the Lower House Journal of Oct. 18, 1723, it was discovered that this volume was quoted as Liber E.

THE COPIES.

The Commissions, Proclamations, and Conditions of Plantation appear modernized in *Council Proceedings* 1636-1657, beginning with the Proclamation of September 13, 1642 (p. 67), and extending to Jan. 9, 1644/5 (p. 141).

The Acts of September 13, 1644 (p. 18), and of February 11, 1644/5 (p. 200), appear as modernized copies in *Assembly Proceedings* 1637-1658; the first at pp. 275-302, the second at pp. 305-306. The Account of John Lewger [Dec. 2] (p. 59) appears in part on p. 303. The Proclamations of December 16, 1642, Feb'y 1, 1643, Mch. 28, 1643, appear on p. 304.

ORIGINAL.

This is a small folio. It has been recently half bound in red morocco.

The volume is throughout in good condition except the last two leaves, the edges of which are torn off.

It contains Demands, Grants of Land, Commissions, Court Records, Affidavits, Wills, Inventories, Forms of Oaths, Proclamations, Proceedings and Acts of Assembly, etc., etc. It is a continuous daily record, with but few dates out of place. The first 58 pp. are lost; but with the leaf bound at the end of Liber Z, the volume is perfect from p. 59 to the words "*ffinis huius Libri*." It has a contemporary paging which is legible up to p. 365; from this to the end, say p. 397 (including the leaf noted above) the pagination is in many cases illegible. Pages 57-8 are copied in Land Office Liber No. 2. Page 398 contains the letters A and B of a partial index.

THE COPY IN FULL.

The volume has been copied into parts of two volumes forming *Liber No. 2* and *Liber No. 3* of the Land Office Records; pp. 57 to 340 forming pp. 191 to 626 of *Liber No. 2*; and pp. 340 to 397 forming pp. 1 to 132 of *Liber No. 3*.

All the entries, except the Testamentary Papers, have been transcribed into these volumes.

This copy has one leaf, pp. 57-8, which is missing from the original.

PARTIAL COPIES.

The Proclamations, Letters and Commissions, appear in *Council Proceedings* 1636-1657.

The Proceedings and Acts of Assembly of 1646/7, 1647/8, 1649 and 1650, appear in *Assembly Proceedings* 1637-1658.

LIBER B.

January 8, 1648/9 to March 24, 1657/8.

Original missing.

do. L. O. R., Liber No. 3.

Assembly Proceedings, Liber C. B., 1637-1658.

Council Proceedings, Liber M. C., 1636-1657.

This Liber forms pages 162 to 640 of No. 1, *Land Office Records*, and pages 133 to 448 of No. 3 of the same. The first embraces pages 4 to 243 of the original, and the second, pages 243 to 387 [Nov. 3, 1657], where the regular pagination of the original ceases. After this are pp. 188, 189; probably an error in numbering. The last page (189) is on p. 342 of the copy.

The following pages of the original do not appear in the copy: pp. 1-3, 14, 16, 20, 24, 38-40. The original seems to have been divided into two parts, for the first pagination ceases at p. 48 (p. 224 of copy), when a new one begins with p. 29, and proceeds regularly to p. 387. It may be that the original copyist made the error of 29 for 49, and not discovering his mistake for a time, concluded to carry the second pagination to the end rather than deface his book by corrections. The entries on both pp. 48 and 29 are of similar character and of the same date.

Of the second part the following do not appear: Pages 134, 170, 237, 245, 248, 256-7, 283, 291, 307, 317, 357, 384, 386. Many of the single short entries from the original indicate that this is not a full copy.

The Liber consists of Bonds, names of persons who came out from England, Receipts, Proclamations, Commissions, Depositions, Names of those who took the oath of Fealty in 1646-7-8, Grants, Demands, Bills

of Lading, Contracts, Acts of Assembly of 1650, 1654 and 1657, and Court Proceedings, the last making about two-thirds of the book. The last entry is the Assembly Proceedings of September, 1657. The latest date is March 24, 1657/8—writs for elections.

L. H. JOURNAL.

1704-1713.

COPY.

A volume lettered "Journal House of Delegates, 1704-1715," though the record only extends to November 14, 1713, made about the date of the last entry in the volume. It originally contained 556 pp. Until recently the volume lacked pp. 1-40 and pp. 55-56. Pages 1-14, 39-40, and 555 and 556, were received some years ago with a volume of Lower House Proceedings, 1714 to 1722, which was rebound by the Society and these leaves laid in that volume. During the present examination of the Archives they were replaced in the volume now described, which still lacks pp. 15-38. The volume is probably a fair copy of the original daily record.

Sessions begin and end as follows:

Dec. 5, 1704-Dec. 8, 1704. Pp. 1-14. Pp. 15-38 missing.

May 19, 1705-May 25, 1705. Pp. 39-61. P. 62 blank.

March 26, 1707-April 15, 1707. Pp. 125-202. Pp. 128-129 duplicated.

Sept. 27, 1708-Oct. 5, 1708. Pp. 419-442.

Small folio, half bound in morocco, paged by folios 1-408. Compiled by Rev. Ethan Allen, D.D., under the direction of John Henry Alexander, LL.D., in pursuance of an Act of the Assembly of 1858. It calendars fifteen of the books already described. The index to this volume has been printed.

PREFACE.

In providing for the publication of the early Archives of the Province and State, the General Assembly of Maryland had two objects in view: to secure these Archives from further loss, and to place students and investigators abroad in as favorable a position as is enjoyed by those who have access to the original manuscripts.

It is clear that neither of these objects will be attained unless the records are printed exactly as they stand. The moment an editor allows himself to make any correction, however slight or obvious, the integrity of the text is gone, and in its stead is given a version, the accuracy of which depends upon an unknown quantity.

The text, therefore, has been printed exactly as it is written, with all errors, irregularities of spelling, contractions, eccentricities of punctuation, &c., faithfully reproduced, so far as careful copying, collation, and proof-reading could insure fidelity. The solitary apparent exception occurs in the case of the article "the," written in some of the manuscripts with a cursive form of the Old English θ (th). This character is often erroneously represented in modern printing by a y (y^e), leading to the absurd notion that at some stage of the language "the" was pronounced "ye." A special type for this character would probably be embarrassing to some readers, so the word has been invariably printed "the."

A few clerical errors or peculiarities in the text which seemed to call for some remark, have been noticed on another page.

The text has been taken from contemporary records whenever these were to be had; and where they were lacking, from the most ancient copy, except in cases where a later copy from a lost original gave a full instead of an abbreviated text. The copy followed, and the page of the MS., are indicated on the margin of each page.

A careful description and collation of the various copies is given in the appended Calendar prepared by Mr. J. W. M. Lee, which presents a register of all the MS. records of the Province and State, in the custody of the Historical Society.

In order to do something towards filling the many lamentable gaps in the records, copies have been procured from the Public Record Office, London, of all important uncopied MSS. pertaining to our early colonial history that could be discovered. Such of these as appear in the present volume are distinguished by the marginal sign P. R. O. Mr. W. Noel Sainsbury, of the Public Record Office, has promised to have search made for others. As, doubtless, transcripts of all public documents of import-

ance, and minute accounts of the affairs of the colony, were regularly sent to the Lord Proprietary in England, there is reason to expect that some of these may be recovered. In particular, we are reluctant to abandon all hope of the recovery of the "two chests marked 'Calvert Papers,'" formerly in the custody of the British Museum, but now missing.

While scrupulous fidelity has been observed in reproducing the original text, it has not been thought advisable to reprint each book as it stands. Many of the volumes, especially the earlier, are miscellaneous receptacles of records of every kind; Acts and Proceedings of Assembly being mixed up with Orders and Proceedings in Council, warrants, administrators' accounts, petitions, appeals, grants, &c., &c. It was clearly best to adopt such an arrangement as would bring order into this chaos, and render consultation of the records easy. The plan chosen has been to take up first the Acts and Proceedings of Assembly, as a nearly continuous thread running through the whole, and of these to make this first volume, which begins with the earliest extant record of an Assembly, 1637-8, and comes down to the session of 1664. If it be the pleasure of the Legislature to continue the publication, the Proprietary Records, or the Council Proceedings can be next taken up, then Judicial Records, &c., each set being arranged in order of time, and the whole forming a digested body of our colonial archives, easy of reference, and in the best form for study.

It is at once the duty and the pleasure of the Editor to acknowledge the invaluable assistance of Mr. J. W. M. Lee, of the Maryland Historical Society, without which this publication would hardly have been possible.

W. H. B.

NOTE.

Of the multitude of clerical errors and irregularities which are found in the MSS., and, in conformity with our canon of exact transcription, are reproduced here, by far the greater part are obvious, and need no correction. A few, however, seemed to need some comment, such as is appended below.

Page 3. xpofer martin. "Xpofer" is an old contraction of Christopher, the XP being the initials of the Greek ΧΡΙΣΤΟΣ.

Page 14. Thomas dabbs, should be Thomas Nabbs.

Page 22. vaghan fasting. "Fasting" is unintelligible to the present editor, but it is clearly written in a contemporary hand.

Page 23. The blanks in this and other documents indicate that words have been torn away in the original. The marginal date 1677 was on the original copy in the Public Record Office.

Pages 29, 30. The crosses represent various monograms, ciphers and scrawls, which it would be idle to reproduce in fac-simile.

Upon occasion of some warrants granted out against some freemen that had made proxies; a question was moved in the house whether freemen having made proxies during the assembly might be arrested before the Assembly were dissolved. And Captaine Cornwaleys and James Baldrige were of opinion that they might: but the rest of the house generally concurred that after the writts issued for summoning the Assembly, no man having right to repaire vnto the Assembly, might be arrested, vntill a convenient space of time after the dissolution of the said Assembly, for his repaire home.

Came into the house Edmond Parrie of the Ile of Kent planter, and desired to revoke his proxie given to m^r Philpott; and was admitted to a place and voice personally.

John ffileete of St Georges hundred planter claymed voice & place as a freeman: & was admitted. and made his proxie Cap^t Henry ffileete.

Then question being moved what Lawes the Province ^{p. 21} should be governed by it was said by some that they might doe well to agree vpon some lawes till we could heare from England againe. The President denying any such power to be in the house, Capt: Cornwallers propounded the lawes of England. The President acknowledged that the Commission gave him power in civill causes to proceed by the lawes of England; and in crimall causes likewise not extending to life or member. but in those he was limited to the lawes of the Province, there could be no punishm^t inflicted on any enormous offenders, by the refusall of these lawes.

wherevpon the Commission was produced and examined, & vpon the reading of it it appeared that there was no power in the province to punish any offence deserving losse of life or member, for want of lawes. To this they answered, that such enormous offences could hardly be committed without mutinie & then it might be punished by martiall law.

An Act for the attainer of William Cleyborne gent. Whereas William Cleyborne gent is notoriously known to have committed syndry contempts, insolencies and seditious acts against the dignity, government and domination of the Lord Proprietarie of this Province, and to have conspired and contrived sondry mischeivous machinations and practises with the Indians, of these parts to the subversion and destruction of this colony and the people thereof; and to have used and exequuted sondry Magistraticall and regall powers and jurisdictions, within this province and upon the Inhabitants of the same, by levyng of souldiers, appointing Leutenants and other Officers, imprisoning and otherwise punishing of Offenders, and by granting letters of reprisalls and Commissions for the execution of justice upon the vessells and goods of the Lieutenant generall of this Province, and of the people inhabiting this Colony of St Maries, without any authority or Commission for exercising the same from our Sovereigne Lord the King, or from the Lord Proprietary of this Province, or from any other Prince or State whatsoever. And whereas by an Act of Generall Assemblie held at St Maries on the six and twentieth day of Febr^y 1634 among other wholesome lawes and ordinances then made and provided for the welfare of this Province, it was enacted, that the Offenders in all murthers and felonies should suffer such paines, losses and forfeitures as they should or ought to have suffered in the like crimes in England. Since the making of which Act, that is to say on the three and twentieth day of Aprill 1635, the said William Cleyborne hath not onely continued his said insolencies, mutinies and contempts against the Lord Proprietary and the government of this place but hath instigated and commanded sondry persons to committ the greivous crimes of pyracie and murther
pyracie and murther is lawfully indi

6 September 1642
morning

Assembled as last time except Cyprian Thorowgood and Thomas Sterman, whose absence was excused and John Weywill and John Hollis Planter and W^m Durford who had made their Proxies

Mr Brent desired it might be put to question whether the house had power to decide the right of the Freeman to depart out of the Province at their pleasure unless they were indebted or otherwise obnoxious to justice

The Governor refused to put it to the question to the free-men to determine thereof as Judges of the matter in question

Liber M C Mr Secretary spake not to the question but as a Councillor that he thought the matter was to be put to the question and that it could not be rightfully Denied to them and that the
 p. 259 house hath power to decide such things as shall be put to the question both by former usages and Presidents of the house and by the writt calling them to Consult and by his Lordships intent that the house should have such power expressed in the Acts formerly consented unto and sent over by his Lordship

Upon further debate it was declared by the Gov^r that it is the common right of all inhabitants to depart out of the Province at their pleasure unless indebted or obnoxious to Justice or unless there be some transcendent Cause for the safety of the People for the Lord Proprietary or his Substitute to overule that right in some particular cases for a Convenient time

Upon motion about repealing the Laws made last Assembly the Governor declared he was willing to repeal divers of them as that of Judges, order of Causes executing upon Corn or Tobacco

Then the house fell upon the reading of the said Laws to see which were fit to be repealed or amended and in the first for support of the Gov^t it was voted that instead of those words [except to England &c^a] it should be altered [except to any Port of his Majestys Dominions where custom is due to his Majesty for any such tobacco]

Then they voted the Continuance of it to be altered to endure for one year the Governor refused to alter it in that form but that it should stand as it did

p. 260 Then the further reading of the Laws was laid aside and the Governor appointed a Bill to be drawn for the repeal of all the Laws made last Assembly

Right hoñble

Great and many have been the miseries calamities and other Sufferings which your Poor distressed People Inhabitants of this Province have sustained and undergone here since the beginning of that Heinous Rebellion first put in Practice by that Pirate Ingle and afterwards almost for two years continued by his Complices and Confederates in which time most of your Lordships Loyal friends here were spoiled of their whole Estate and sent away as banished persons out of the Province those few that remained were plundered and deprived in a manner of all Livelyhood and subsistance only Breathing under that intollerable Yoke which they were forced to bear under those Rebells which then assumed the Gov^t of your Lordships Province unto themselves ever endeavouring by Oaths and what other inventions and Practices they might to withdraw the Ears and Affections of the Inhabitants here from their wonted Obedience to your Lordship and to assure themselves of the Province so wrongfully taken and unjustly Possessed by them which our sufferings we hope your hon^r apprehends and is sensible and which tho they were ever Violent even like a Tempest for the time yet now (thanks be to God all is past and Calm and the whole Province in perfect Subjection again under your lawful Government and Authority during all which time your Honour
P. 34² cannot be ignorant what pains and travell your Friends underwent in aiding your dear Brother for the subduing of those Rebells and after again in conserving the Prov^e for your Lordship never sparing labour cost or Estate which they were or Could be Possessed of until they had accomplished their intended Purpose and desires in regaining it again and settled it under your Lordships Protection and dominion as for M^{rs}

Brents undertaking and meddling with your Lordships Estate here (whether she procured it with her own and others opportunity or no) we do Verily Believe and in Conscience report that it was better for the Collonys safety at that time in her hands then in any mans else in the whole Province after your Brothers death for the Soldiers would never have treated any other with that Civility and respect and though they were even ready at several times to run into mutiny yet she still pacified them till at the last things were brought to that strait that she must be admitted and declared your Lordships Attorney by an order of Court (the Copy whereof is herewith inclosed) or else all must go to ruin Again and then the second mischief had been doubtless far greater than the former so that if there hath not been any sinister use made of your Lordships Estate by her from what it was intended and ingaged for by M^r Calvert before his death as we verily Believe she hath not then we conceive from that time she rather deserved favour and thanks from your Honour for her so much Concurring to the publick safety then to be justly liable to all those bitter invectives you have been pleased to Express against her

Hereupon we cannot Chuse but wonder why your Lordship should write so tartly against the People who all involved under the Censure of your Lordships Letter for protesting against all the Laws which were pretended to be in force and enacted by Leo: Calvert Esq^r deceased our late Governor at the last Assembly held by him afore his death as for the illegality of them we shall hear briefly shew your Lordship and hereby we hope shall sufficiently vindicate ourselves from such foul aspersions laid upon us from your Lordship

That the Assembly then wherein these Laws were pretended to be enacted as afore was Called first by Captain Edward Hill who was not so accounted by us or esteemed by your Lordship according to your instrument sent hither this year for the right-ful Gov^r of this Province which Assembly was continued only by M^r Calvert never declaring any new summons at all to the Inhabitants of the Province for that Purpose which Ought to have been done in that Case by him But within a very short time after he had suprizd all those who had Combined themselves against him and cast them in Prison proceeded to the enacting of Laws with the members as afore called by Captain Hill and under adjournment the whole house of Commons (two or three only excepted) consisted of that Rebelled Party and his Professed Enemies to them he declared that they should be free during the Assembly only the Copy of which Record is herewith inclosed also we cannot Choose but wonder how your Lordship could suppose it fit and necessary that those your Loyal Friends and even those who Concurred most to the necessary defence and preservation of the Province should be

Liber M C

p. 343

p. 341

Liber M C deprived by Law of dues for so Great and Good a Service done and effected by them and principally for your Lordships Honour and Glory Notwithstanding all this it should be required at their hands to pay themselves a Levy upon themselves we much wonder also that your honour should Consider or think much that a few Cattle not above 11 or 12 Cowes at the most of your Lordships known Clear stock and those Conquered again to your Lordship and taken from the unlawful Possessor should be distributed among those men who had ventured and hazarded their Fortunes lives and Estates in the defence recovery and preservation of your Lordships Province especially those very Cattle being ingaged with all other your Lordships Estate here both by Mr Calvert & Mr Lewger to the Soldiers here in Consideration for their hire and wages and lastly we wonder that such Exactions should be made & required upon a People and those your faithful and Loyal Friends who had Conquered the Place many of them as yet being unsatisfied and Groaning under their late heavy Sufferings which have been great indeed when as we can make it Clearly appear to your Lordship that we have Already satisfied and paid out of our own Labour and Effects towards the Recovery Preservation and Sole defence of your Lordships Province 60000^l Tobacco which is far more (my Lord) than all our recovered estates in the Province were then worth had they been sold at
p. 345 Outcry and further that such strait Conditions of Plantation should be proposed and demanded by your Lordship as serve only to make the Place desolate of Spirritual Comfort especially nevertheless such are the Loyal Affections and hearty well wishes of us your Lordships Poor friends towards your honour that we really suppose and verily Believe all former mistakes and less well understandings that have happened between your hon^r and us for these many years have proceeded only from meer mistakes and misinforments that your Honour is unfortunately subject to have of us at so vast a distance there is from your Honour and being now Cordially desirous justly and unanimously to express a willing forwardness to give your Lordship all just and honble satisfaction that can be expected from a People at present so illeterate and void of that understanding and Comprehension necessary for a mature and wise discussion of such a Body of Laws as is now proposed by your Lordship to be assented unto by us for perpetual Laws as we acknowledge ourselves to be and whereas we have with much Sollicitude and Earnest endeavour according to our weak understanding read over Perused and debated upon all the aforesaid Body of Laws so proposed unto us by your honour in Reall desires in deed in Compliance with your Lordship of receiving them as Laws but in Conclusion finding them so long and tedious containing withal so may several Branches and

Clauses that in prudence we cannot as yet with safety to our-
selves and our Posterity (being they are to be perpetual) concur Liber M C
to the enacting of them as Laws requiring a far more serious
and longer discussion of them then at this time we are able to p. 346
allow thereunto for the necessary employment we are forced
upon in a Crop at this time of the year most of us having no
other means of subsistence than the same Besides your
Honours directions being such as that none of the said Laws
are to be recorded by us and enacted by the Lieutenant General
in your Lordships name without the whole Body should be
Received by us without alteration addition or diminution to it
in a serious Perusal whereof we find in several Parts of it such
things as are not Convenient or as we Conceive it just to Pass
and so in that Respect have thought it most prudentiall not to
meddle at all with the foresaid Body of Laws but to Reflect
only on such things as may give your Honour for the present
most satisfaction and Comply most (to the utmost of our weak
Capacity and present poor Condition) with what we Conceive
your Honour most to point and aim at which if we do not
mistake are Chiefly four viz^t that the Country may be preserved
with Peace and defended and Governed with Justice 2^{dly} that
some Competent Support may be raised to your Lordship of
the same and your Lieu^t here 3^{dly} That a stock of Cattle may
be raised again for your Lordship and lastly that all should be
satisfied who had concurred to the Regain^s and Conserving of
the Country in Compliance with all which we have first
chosen and selected out of all your Lordships Laws such as
seemed to us most Conducing to Confirm a long desired and
settled peace among us and have further added such others
of our own as we conceive to be most necessary and best
Suitable to our present Condition and towards a future
support out of this Colony to your Lordship we have with
all Loyal Expressions of our hearty well wishes to your honour p. 347
so far as the present weak and poor Condition of this Colony
is capable of passed our Consent to a Law that your Lordship
and your heirs for seven years shall have a Custom of 10^l
tobacco upon every hhd of Tobacco laden upon any dutch
Vessel to be exported out of this Province so that your Lord-

Yearly be Employed towards the satisfying of all Just Claims
touching the Recovery and defence of your Lordships Province
as shall be brought in and made appear here in the Secretarys
Office before the last of March next until they shall be fully
discharged and by this your Lordships friends also in a short
time we hope and verily Believe will be Complied with to a
Great deal of Comfort and Satisfaction on all Parts and lastly
we have also Enacted by a Law that an Assessment shall be
laid upon all the Inhabitants of this Province to raise within

Liber M C these two Years from the date hereof 16 Cowes and a Bull which is by a third more then ever was known to be found certainly of your Lordships own Proper stock in this Colony since the Recovery of the same though it is true more understand your Lordships (the right owners not being able to prove them theirs being unmarked in the time of the late Rebellion and desirous to give unto your Lordship all hoñble satisfaction they could were contented all such uncertain beasts should be understood as your Lordships were indeed and are disposed of towards the Paym^t of such just engagements and at such Rates as was Agreed for by your Brother afore his death and

p. 348 this wee do willingly and freely in an earnest desire if it be Possible to beget in your Lordship better apprehensions and Constructions of our bound affection and Loyalty to your Honour then hitherto we conceive through our hard fortune you have been pleased to understand of us and with this humble Request also that your Lordship will be pleased to Ratify and Confirm under your hand and Seal without further disturbance such dispositⁿ as is already made of your Lordships former stock and other Personall Estate here for the recovery and defence of your Lordships Province according to the engagement and disposition thereof made by M^r Calvert before his death as will appear by several Oaths to that Purpose taken herewith and verily that litle of your Lordships known clear personal estate lost since the first Rebellion was in truth so small as that it was not Considerable when it was to Come in Ballance with the Safety of the Province which as the then present Condition of things stood hung upon so ticklish a pin as that unless such a disposition had been made thereof an absolute ruin and subversion of the whole Province inevitably have followed which had it so happened we your honour might have had far more just Cause of indignation against your then Governor for so small a Triffle to have endangered the Province then now in honour justice or Conscience you may when thereby alone your Lordships Province was then and is still Preserved in true and due Obedience to your Honour especially (as we hant often said) your Lordships whole estate here being disposed of bound & made Over by your dear Brother afore his death for the Satisfaction of the aforesaid Charges the which being done & new and Clear understanding

p. 349 procured between your Honour and us your poor people here we do farther humbly request your Lordship that hereafter such things as your Lordship may desire of us may be done with as little Swearing as Conveniently may be Experience teaching us that a great Occasion is given to much Perjury when swearing becometh Common forfeitures perhaps will be more Efficacious to keep men honest then swearing Oaths little prevail upon men of little Conscience and lastly we do

humbly request your Lordship hereafter to send us no more such Bodies of Laws which serve to little other end then to fill our heads with suspicious Jealousies and dislikes of that which verily we understand not Rather we shall desire your Lordship to send some short heads of what is desired and then we do assure your Lordship of a most forward willingness in us to Give your Governor all just Satisfaction that can be thought reasonable by us and whereas your Lordship doth seem to be Greatly distasted and disgusted at William Tomson your Lordships old Servant through some information which have been Given your Lordship of his Comportment here in aiding and siding with the Rebels against your Lordships Governor and Government which Information we do assure your Lordship to be most false Proceed^s rather (as we may suppose) out of hatred and spleen towards him then any Good Affection or Love to your Lordship for before any thing was proceeded upon in the Assembly William Tomson was Called and strictly examined before the Governor and Council and the whole Entry (and nothing at all Could be proved against him where-with he was accused to your Lordship that verily him in that Point most innocent and further report of him that your honour hath not a more faithful and Cordial Friend in the whole Province (and shewed to the utmost of his Ability even before in time of and ever since the troubles here then William Thompson is therefore we humbly crave of your honour according to to your hon^{rs} wonted Clemency and favour towards him not to harbour such thoughts and give ear to such false suggestions and Acclamations against him and further my Lord seing it hath been so notorious an Injury and Infamy to him we humbly crave that your Lordship will intimate hither the next year who were his principal Accusers in this Point which we the more earnestly Beg for that it will Give the whole Country and himself great Satisfaction thus in all humbleness to your Lordship we have Expressed Our intentions and Good will so far as the the tenderness of the Province and our abilitys can yet well Bear hoping to regain your Lordships favour if thro misinformation you have Conceived otherwise of us not doubting but upon we shall be better able to Contribute more Largely towards your support and Comply with your desires withall beseeching your Lordship to ratify what We have so earnestly aforementioned and craved at your Lordships hands and then we are Confident all things will go on with Love Peace and Unity Resting

C: Baltemore

Cæcilius absolute Lord, and Proprietary of Maryland and Avalon Lord Barron of Baltemore &c. To our Trusty and welbeloved William Stone Esq. our Lieutennant of our said Province of Maryland. To those of our Councell there, And to the Gennerall Assembly of ffreemen of our said Province, and To all others whom it may concerne Greeting &c. Whereas Wee sent a body of lawes thither the last yeare by our Secretary Thomas Hatton under our hand and Greater Scale at armes containning sixteene in Number, to be proposed by you our said Lieutennant to the Assembly there for their consent therevnto, Together with a Commission therevnto annexed Signed also by vs and affixed to the same seale, and bearing date the twelfth of August one thousand Six hundred fferty Eight whereby among other things Wee declared our Assent to the said Lawes, vpon such Conditions as were expressed in the said Commission, which lawes were and are soe iust and reasonable as that vpon due consideration they ought to be well liked of by well affected men, according as you our said Lieut. after your receipt of them vpon good reason affirmed to vs by your Letter dated the twentieth of ffebruary last. Nevertheless it seems through some misunderstanding the Gennerall Assembly there at a Sessions thereof houlden at Saint Maries in April last were unwilling at that tyme to Consent to the Enacting of them All, As Lawes there, which

unwillingness in most of the said Assembly, was occasioned chiefly (as Wee are informed, and have too much Cause to believe) by the subtile Suggestions of some who ought rather to have assisted in promoting all fitting meanes of preserving a good Correspondence rather then to raise, or cherish any Jellousies or discontents betweene vs, and the People there. But in regard the chiefest pretended Exceptions against those lawes were (as wee are informed) conteyned in the Act of Recognition of our Charter of the said Province from the late King of England and in that other for the Oath of fidellity to vs, wherein it seemes the words Absolute Lord and Proprietary (which Tytle is the same that is given vs by the said Charter, and the words Royall Jurisdiccōn are stumbled at, by some there who seeme to doubt that the former words should inferre a Slavery in the people there to us, and the later Words exceed the power intended to vs by the said Charter Wee thought fitt hereby to declare, that as the former words importe noe such Odious and Sinister interpretation, Soe wee call God to Wittness) wee neither had nor haue any intention to inslaue the People there by them, or any other way whatsoever. But indeede the Lawes themselves doe sufficiently clere our intentions herein to all Wellmeaneing men if they be well considered. ffor the Act of Recognition, and also the said oath of ffidellity haue both relation to our said Charter which provided that All Lawes shall be made by Vs, and our Heires there with the Consent of the ffreemen of our said Province or their Deputies, or the Maior parte of them, And by severall other Acts contained in the said Body of lawes there is Provision made for freedome of Conscience for freedome of Taxes, but such as shalbe laid with the Assemblyes Consent; for freedome from Martiall lawe, but onely in tyme of Campe or Garrison, and within such Campe or Garrison; ffor freedom of being Compelled in any kind to Contribute to any warr, out of our said Province without the Consent of the Assembly; ffor ffreedome of Trade with the Natiues vpon reasonable Conditions tending more to publick good, and tranquillity, then to our owne advantage. How therefore under such Essentiall Provisions of Safety and freedome, any reasonable People vpon mature Consideration can haue any iust occasion of Jellousies of being enslaved, Wee nor Certainly any well-disposed Person can imagine. As to those other words of Royall Jurisdiction, Wee doe hereby declare that it is intended by our said charter that wee should haue all such Jurisdiction there as the Bishops of Durham at any tyme heretofore ever had, Excersied, or enioyed, or might haue had Exercised, or enioyed in Temporalls within the Bishoprick or County Pallatine of Durham in the Kingdome of England, And Wee are well satisfied by learned

Councell here, and Such as are best read in Antiquities That the Bishops of Durham before Henry the Seventh his tyme heretofore King of England Had and did Exercise all Royall Jurisdiction within the said Bishoprick or County Pallatine, though of later Yeares their Jurisdiction was much diminished by an Act of Parliament made in the tyme of the said King Henry, And this Wee thought fitt to signify vnto you, for your better satisfaction herein, But truely the Scruples and exceptions aforesaid are soe weakely grounded That although wee are confident that most of the Assembly (through want of due consideration, or vnderstanding of the true reasons of those who suggested those Scruples vnto them, and not out of any Evvell intention towards vs, did for the present waue their Consent vnto all the said lawes sent by vs. Yet it is clere to all vnderstanding Men that those Suggesters had other Secrett reasons why they opposed those lawes, then those pretended ones on the Peoples behalfe, and such as tended to the preiudice of our Just Rights there, which they thought not fitt publickly to avowe least the Gennerallity of the People there out of their loyall affection and fidellity to vs, should dislike them, and obstr their sinister designes therein, ffor it is well know there that some haue heretofore acquired great Proportions of land in that Province from the Indians and have possessed them without our Consent, or a Grant from vs. And have presumed to dispute their pretended Tytles therevnto even with vs, and our Right, making a question what Right the King of England had to grant any thing there, And no doubt if they had had power would have maintained it by force against vs, But wanting that for the present, they haue, and doe still it seemes Endeavour to obstruct any thing which may tend to the manisfestation, strengthening or publick acknowledgm^t of our Right to the land, and dominion of that Province, hoping perhaps hereafter, if they can by maintaineing Jellousies betweene vs, and the people there exasperat either side to any Violent proceedings, one against the other, that then in all probabillity, a Great division and ffaction among the People themselves will followe, in wh^h confusion they may hope to mould a party fitt for their tournes to reviuue their ould pretended Right from the Natives to those, and perhaps divers other lands, privatly acquired in the same manner. And soe in pursuite of that designe of making themselves Lords and Masters of the Province, adventure the ruine of all the People there, by Civill warrs among themselves, Although it be most probable, if this great danger be not tymely prevented, as well as foreseene they themselves who pursue such a wicked designe are like in the first place to perish in it. By wofull experience it hath bene found in divers nations that noe one thing hath soe certainly

betrayed the People into true Slavery indeede, as the Deceiptfull Suggestions of Subtile Matchiavilians pretending Religion, and an extraordinary care of the Peoples liberty, and still possessing them wth feares and Jellousies of Slavery thereby to alienate their affections from the present Government ffor as the Common way to Atheisme is by a pretended reformation in matters of Religion Soe the direct Roade to bondage is vsually found in specious pretences of Preservation of Liberty. Wee Knowe full well our Right to that Province doth not stand in neede of any Confirmation thereof by Act of Assembly there, for our Charter above mentioned, and our deare purchase of our Right to that Province, by the expense of great sumes of money with much sollicitude and travaile, (whereby that Collony was first begun and preserved) entitles vs sufficiently therevnto, But wee have Great Reason to wonder that any well affected person there, not seduced by Euiell Councell should be backward in concurring to a publick Act of Recognition of our Rights there. And Wee cannott thinke any worthy of enioying ought there vnder vs, who shall vpon due Consideration what hee doth, deny soe to doe, nor indeede can it easily be belieued, that any Intelligent person that hold any thing vnder vs there should be soe blind, as not to endeavour by all the meanes they can to advance and streingthen our Honnor Rights, and Intrests there, wherevpon, (and vpon it onely) their perticuler intrests and Rights in their Lands and Priviledges in that province doe solely and with most Certainty depend. Wherefore vpon better Consideration Wee presume the Assembly there will make noe further Scruple of Consenting to all the said Lawes as wee sent them the last yeare thither, but rather desire vs to accept of their Consent therevnto for truely those lawes (if well considered) are more necessary for the Peoples good, and the publick there then for our perticular intrest. Wee doe therefore hereby againe Declare our Assent to the said Body of Lawes conteyning Sixteene in number above mentioned, And doe hereby authorize our Lieutenant of the said Province for the tyme being in our Name to Enact them alltogether as Lawes in the said Province in case the Assembly there, or the Maior part therof shall consent therevnto within one yeare after the date hereof. And whereas divers lawes were in our Name Enacted by our Deare brother Leonard Calvert Esquier deceased our late Lieutenant there at a Gennerall Assembly held by him at S^t Ingoes Fort on the second of January one thousand Six hundred fforty Six, (As appeares vpon Record vnder the hand of John Lewger our late Secretary there) which lawes were protested against by An Assembly held after his death, on the twenty Seventh of January one thousand Six hundred fforty Seven, as conceiving them not lawfully Enacted.

U. II. ffor that the said Assembly in January 1646 was Sumōned at
 Journal first by Captaine Edwa Hill, who was onely our pre-
 1659-69 tended Lieutennant the said Province, but never lawfully
 authorized by from or vnder vs. And that in regard our said
 Brother vpon his reassuming the said Government continued
 the said Assembly without issuing any new Sumōns for Election
 of another, Therefore as Wee vnderstand the said Members of
 the Assembly in January one thousand Six hundred fferty Seven
 declared and protested against the Acts of the other in January
 1646 as illegall, wherevpon Thomas Greene Esquier our Lieu-
 tennant there then for the tyme being did vpon good and lawfull
 grounds, and according to the duty of his place protest against
 p. 10 the said Protestors and the Protest therein, and Declare As
 Wee hereby also doe that the said Assembly in one thousand
 Six hundred fferty Six was lawfully continued by our said
 brother, And all Acts therein assented vnto by the said Assem-
 bly, and in our name Enacted by our said brother were and are
 Lawes of the said Province, as fully to all effects in lawe, till wee
 or our heires shall signify our disassents therevnto as any lawes
 heretofore in the said province have or ought to have bene.
 ffor although the first Sumōns were issued by one who was not
 our Lawfull Lieutennt there, yet being afterwards approved
 of by one that was, it is all one, as to the proceedings after-
 wards as if at first they had issued from a lawfull Governor.
 ffor our Charter of the said Province gives vs power to Assem-
 ble the ffreemen thereof or their deputies in such manner and at
 such tymes, as wee shall thinke fitt, and neither it nor any lawe
 of the said Province doth oblige vs, or our Lieutnt there to
 any perticular forme or Circumstance of Sumōning the ffreem-
 en to any Assembly: If the ffreemen of themselves without
 any Sumōns at all should assemble themselves or elect certaine
 persons to be their deputies in a Gennerall Assembly, and send
 them to the Governor there for that purpose. Although this
 were a very illegall proceeding, and would perhaps deserve
 exemplary punishment, yet Certainly if a lawfull Governor
 shall afterwards allow thereof and shall accordingly proceede
 to the Enacting of lawes with their Consent such lawes would
 be in as much force & as binding to the people (and soe in all
 reason ought to be) as if the Elections had bene made by a
 Sumōns from a lawfull Governor. Any Act made by an vn-
 lawfull power, if it be afterwards approved of by a lawfull
 authority that hath power to doe it (as in the Case aforesaid) it
 becomes thereby lawfull, Wherefore those pretended Excep-
 tions against the legallity of those lawes enacted by our said
 Brother in our name by and with the Consent of the said
 Assembly in January one thousand Six hundred fferty Six are
 meere Cavills, and serue onely to breede factions and divisions

among the people there which no doubt was secretly intended by some there that first raised them, But God I hope will open the Eyes of all honnest, and well meaning Members of that Colonie. And in due tyme bring the truth of all those subtile Machinations to light, to the shame and Confusion of those, who hope by such waies to disturbe the publick peace, and happiness of that Colony, vnder our Right of Government, And will disappoint them of their Sinister and wicked designes therein. In pursuance of the same designes, a factious remonstrance of pretended Aggrievances of that Province, was drawne by Mr Gyles Brent & som others seduced by him (as wee are informed) and presented to a Gennerall Assembly there, held at St Johns in or about the fowrth of March one thousand Six hundred fforty Seven, which by the subtile practises of him, and some others there, was approved of by the then Members of that Assembly, not well considering what they did therein, but not approved of by the said Thomas Greene, then our Lieutennant there. Wee doe therefore hereby Protest against the said Remonstrance as Seditious and apparantly vniust, and tending to deprive vs of diuers Essentiall parts of our vndoubted Jurisdiction, and Rights in that Province. And Wee doe also hereby Protest against and declare our Disassent, as well vnto the Preamble, as to the first part of an Act then passed in the said Assembly, and assented vnto by the said Thomas Greene, entituled thus. For the Defraying of the Soldyors wages, wherein vpon false surmises and contrary to all Justice, as well as in Great neg of our Priuiledges and Rights they presumed to dispose of our personall Estate there without o Consent. And to the third parte of the said Act tituled Thus, Touching Levyes and Judgments which pretends in one Clause thereof a Nulli of the lawes made in the aforesaid Assembly at St Inigoe's the Second of January, one thousand Six hundred fforty Six, and stiles it a Pretended Genner Assembly. And also to the fowrth and fift parts of the said Act concerning Officers ffees, and an oath of Fidellity, which also stiles the said Assembly a pretended Gennerall Assembly. And whereas wee received a Letter from the Assembly there to vs. dated the one and twentieth of Aprill last, wherein they express a great desire of a good vnderstanding betweene vs, and the People there which wee take very kindly from them, for wee doe as Earnestly desire the same, as they will find by our compliyanee with them in this our declaration if they doe also on their parts really comply with vs in the like manner, But truely in their desire that wee would ratify and confirme vnder our hand and Scale such Disposition as hath bene made since the death of our said Brother of our

Stock of Cattle and other personall Estate there (although don without any legall authority, or warrant from vs) and seeming much to wonder that wee should expect to recover any of them wee have much more reason Certainly to wonder that any reasonable men should thinke fitt, That wee should be less Master of our owne then the meanest Planter there for Certainly not any one who subscribed that letter, but would thinke it a great wrong don vnto him, if an Attorney should (vpon any pretence of authority whatsoever be made without his Consent or Warrant to dispose of his Estate, And then after it were soe disposed, would hee not thinke it a Strange request in any man to desire him also to confirme it wthout a considerable satisfaction. And yet thus are wee vsed ffor our said Brother had noe power to dispose of any of our personall Estate there without the consent of our said late Secretary John Lewgar, And whereas it is alleaged in the said letter that the said Lewger did ioyne with him in the Engagement of our said Stock of Cattle for the payment of Soldyors, it is much mistaken, for himselfe denied it to vs here, and noe Evidence or prooffe of any such thing, ever appeared there, nor was any such thing ever pretended (before the said Letter) in the many debates there since our said brothers death concerning that buisness, as appeared by the relations and accompt sent vs, the last yeare by M^r Thomas Greene and others of the proceedings thereof, And this iniustice to vs was also much aggravated by the reiection of the payment of those Customes due vnto vs vpon all Tobacco exported from thence, which was settled by consent of the said Assembly, in January one thousand Six hundred fforty Six, for the better enabling vs to defend the Province at that tyme when it is pretended that our said brother did engage our Stock and personall Estate there for the payment of the said Soldyors. Soe as although our said brother had had power to dispose of our psonall Estate there, and accordingly had don it, yet Certainly it must be supposed that hee did it vpon confidence of making vp againe out of the Customes what should be disbursed out of our Estate for that purpose as in iustice hee ought to haue don, but that after his death not onely a Pretence of an illegall ingagement of his should be made vse of to despoile vs of all our personall Estate therin, But also that the said Custome which was appointed by Gennerall consent for the defraying of publick charges should also be debarrd vs, and the publick Charges notwithstanding be putt vpon vs is hardly to be believed that any People well considering what they did should thinke fitt to desire or expect that Wee should allow of it, much less presume to putt in execution soe great a Piece of Iniustice towards vs, The Assembly in their said Letter writt that they wonder wee

p. 13

should thinke it fitt that those who had bene faithfull to vs, and don good Service in the Recovery, and Preservation of that Province vnder our obedience should be depriued by lawe of their iust dues truely therein, they confirme what they afterwards also write in the same letter (videlicet) that they understood not the said Sixteene Lawes for if they had, and well considered them they would haue found in them a speciall provision made for satisfaction of all those who had served, and bene faithfull to vs, in the said late troubles there by an Equall Assessment vpon all the Inhabitants of that Province, which is the iustest and vsuall way in all Civill Kingdomes and Commonwealths for defraying of publick charges. It was never yet heard of, in any other Christian Countrey, but there, that vpon any occasion of forreigne or domestick warr a People should Soe unreasonable as to expect that the Prince State should beare the charge thereof out of their owne privat and p'ticular fortunes which would putt them into a farr worse condition then the meanest Subiect, because farr more lyable to destruction then any other, whereas the Preservation of their Estates and persons ought to be in the first place provided for, and the last that should suffer any preiudice when there were no other remedy, left, But not vsed as wee have bene in the first place vndon. And such of the Assembly as were Soldyors neede not wonder as they doe in their said letter that Wee should thinke it fitt that a Levy should be made vpon themselves to pay themselves ffor in all other Countreys as by Experience is seene now in England) where any Officers or Soldyors have any Estate of their owne, their proportionable part of all Taxes raised for publick defence or other Charges is as iustly due from them out of their Estates to the Prince or State of every such Commonwealth, as any p'ticuler Soldyors pay is due to him, for it is as naturall and iust that all People should contribute proportionably to their owne defence, as it is for any Prince or State to defend and protect them, Wherefore the Assembly there may cease to wonder, as they also doe in the said letter that such exactions should be required, and made vpon a People who had bene loyall and faithfull to vs, and as they alleage had conquered that place for vs for which wee haue paid as appeares full dearely. Wee are well Satisfied that many there deserved very well of vs, and truely; as wee haue bene sollicitous to find out who they were. Soe we shall not be vnmindfull of them vpon all occasions to their advantage of honnor and proffitt as God shall enable vs in that place. But it is possible and too often seene that many persons who haue by some actions very well deserved of others, haue afterwards by other Actions quite drowned, and deservedly lost the meritt of the former, In which Case Certainly

there is noe obligation in honnor or Justice to reward, but rather to punish such who should in soe high a measure misdemeane themselves afterwards to the same person, of whom they had soe well merited before, as to contribut to his destruction. ffor a Notorious Iniury from a professed freind is much more to be resented then from an Enemy. Nevertheless that the People there may see and be fully satisfied that wee preferr their Welfare before our owne particular advantage, and that wee are vnwilling to dissent to any of the proceedings of the General Assemblyes there, But such onely as necessitate vs soe to doe, for the Vindication of our honnor and iust rights, which in truth tends to the preservation of theirs, as depending vpon ours. Wee doe hereby declare that when the said body of lawes above mentioned containeing Sixteene in number, and
p. 15 sent by vs thither the last year shalbe

them respectively vnder our or their hand and Seale at Armes, and noe longer. And in Case the said Sixteene lawes aboue mentioned shalbe consented vnto by a Gennerrall Assembly, and Enacted as lawes there, within the tyme limited as aforesaid: then and not otherwise wee shalbe willing for the Ease of the People there, to allowe the one halfe yearly of the Customes due vnto vs, for the future for Tobacco laden aboard any dutch Ship there, towards the satisfying of all such iust arreares and claimes touching the late Recovery and Defence of that province, as shalbe brought into our Secretarys office there, and made appeare due before the last day of March next vntill they be fully discharged. Provided that the said Stock of Neate Cattle (viz^t) Sixteene Cowes and a Bull, be raised and delivered to the Commissioners of our Thresury there, for our Vse according to the tennor and purport of the aforesaid Act Entituled, An Act for the Support of the Lord Proprietary and passed there in the aforesaid Assembly at Saint Maryes the one and twentieth of Aprill last. There is one thing more which is desired of vs in the said letter of the Assembly to vs dated the one and twentieth of Aprill last concerning William Tompson, whom they (it seemes) conceive was faithfull to vs, and our said brother in those late troubles raised there by that vngrateful Villaine Richard Ingle, although wee were formed otherwise by some Credible persons were Eyewitnesses of all the Passages of that buisness, and did assure vs, that the said William Tompson was the onely Roman Catholick that tooke the then Rebels oath against vs. And that hee gaue a third parte of his Cattle to the said Rebels for the maintenance of that Rebellion against our Right and Government there, which wee had some reason to give Credit to, for wee could not easily believe that some of

those persons who by the duty of their place and trust there lately vnder vs ought to haue informed vs, of the truth of the Passages of that buisness would either abuse vs, or wrong the said William Tompson, or anyone else by a false Information especially of such things as were publick there the truth whereof could not be vnknowne to many others in that Place. Nevertheless in Regard the said Assembly there haue given so good a testimony on the said Tomsons behalfe wee are now willing to belieue that there may haue bene some mistake in the said Information concerning the said Tomson, or if the said Tomson did any such things as wee were informed of him, that they proceeded from ignorance or inadvertence, and not out of any mallice or ill affection in him to vs. Wherefore in Compliance with the desire of the said Assembly, and in confidence that the said Tomson by his future Comportment wilbe more carefull to merritt our good opinion of him, in Justificacōn of the said Assemblyes recommendation wee are willing to forgett what is past and show such favor to him, as his loyalty and fidellity to vs hereafter shall deserve M^r Abraham Janson a Dutchman as wee vnderstand exported this yeare a Good quantity of Tobacco out of Maryland, and ought to have paid tenn shillings per hogshed as Custome due to vs yt. But Contrary to his Agreement & promise to the said Thomas Greene, our then Lieutennant there, (as wee are informed) did not pay the same to our Officers there for our Vse, Therefore wee doe hereby require you our present Lieutennant there to examin the truth hereof, and in Case you find that the said Janson hath not paid the said Custome, as hee ought to have don then to cause right to be done vnto vs therein, vpon such debts or Estate, as you shall find belonging vnto the said Janson within our said Province, or by compelling him to pay the same, if hee come againe thither. And whereas there are Divers Cattle as wee are informed in our said Province, vnto which none can lay any Certaine clayme, ffrom whence som questions there haue arrissen (as we vnderstand) vnto whom in that Case they ought to belong. Wee doe hereby declare that all such Cattle doe of right belong vnto vs, as Lord of the province, vnless such Cattle be found at such tyme as they are taken vpon some Mannor belonging to some other person who by Grant from vs, have (among other Royalties, and priuiledges belonging to their respective Mannors) all waiffes and Strayes granted vnto them respectively by vs, And this is soe Evident in all lawe and Reason that wee conceive vpon due Consideration thereof, No Rationall man can make doubt of our Right herein. And now, as wee have by our Concurrence in soe many pticulars aboue mentioned for the Ease and advantage of the people there given sufficient Testimony as wee conceive

of our sincere affection to them, and reall desire to promote by all the fitting meanes that may be, their happiness and welfare Soe we Doe hereby assure them, that vpon all occasions wee shall take to harte, and be ready to Concurr with them in any iust, and reasonable desire from them for the publick good of that Collony, and apply our authority there from tyme to tyme to relieve them, in any vniust Grievance or oppression vpon notice or Complaint thereof vnto vs. And wee now hope that the Inhabitants there will vnite themselves in their affection and fidellity to vs, And as well avoide all ffactions, and divisions among themselves, as all such Cavilling persons and Councells as shall vnder what specious pretences soever, excite or tend to the division of the People there in their compliance with vs in all reasonable things. And in their Vnanimous, and cheerfull obedience to the Civill Government established there vnder vs, That as wee are all members of one Body Politique of that Province wee may haue also one minde in all Civill and temporall matters concerning that place, which is the most hopefull way of drawing downe Gods blessing vpon Endeouours who loveth Vnity, and therefore comānds vs, to loue one another: Christian Religion soe to doe for the accomplishment of Eternal happiness and human pollity also adviseth it our temporall felicity in this World. It being a Certaine and true Maxime which tells vs, that Concordia res parvæ Crescunt Discordia maxime di[la]buntur By Concord and Vnion a small Collony may growe into a great and renowned Nation, whereas by Experience it is found, that by discord and Dissention Great and glorious kingdomes and Common Wealths decline, and come to nothing.

But the said Greene notwithstanding, did not onely afterwards proceede to the Execution of the said Acts and things, as our Lieutennant, but also, (as wee are Credibly informed) did insolently sweare, That although wee should send directions to the Contrary hee would doe the same, whereby hee shewed a very Great Neglect, and slighting of vs and our authority there, which wee haue reason to resent the more from him, because hee was one of the first Adventurers vnder vs to that Plantation and hath often professed himselfe a faithfull freind to vs, But by this Action as also by some other proceedings of his in the Assembly there held at St Johns in Anno Domini one thowsand Six hundred fforty Seven (when hee preferred his owne Ends of Lucre and gaine before our honnor or proffitt as appeares by a Certificat lately sent vnto vs, inclosed in a letter from the Maior part of the vpper and lower Howse of our Gennerrall Assembly held there in Aprill last, A Coppie of which Certificat is herevnto annexed) Wee have too much cause to belieue that his Great professions of affection and fidellity to vs were never reall, or in order to our good, but meereley for his owne sinister Ends and intrrest. Wee doe therefore for the Reasons aboue mentioned Hereby declare All Acts and things don by the said Greene as our Lieutennant there when hee was deputed by you the said William Stone in that office as aforesaid to be voide and Null, Excepting such of them onely as you the said William Stone shall thinke fitt to confirme for our honnor and the publick good of the Province. And Wee doe also hereby from and after the publication hereof within our said Province discharge the said Greene from being of our Councell of State Commissioner of our Thresury Receiuer or any other place or imployment vnder vs there, for the future And from all the bennefitts and priuiledges therevnto, or to any of the said dignities or offices belonging, Willing and requiring you our said Lieutennant William Stone to appoint some other fitting and trusty person to be our Receiuer there till Wee shall otherwise dispose of that office And because some other able persons who are lately already come, or may [per]happs shortly come from other Parts to reside [in] our said Province before wee can have notice thereof, may be fitt to be of our Councell of State there for thei[r] assistance of you our said Lieutennant in the Government of our said Province. Wee doe therefore hereby Grant pöwer and author-

And Wee doe hereby also authorize you our said Lieutennant William Stone, till Wee or our heires shall signify our or their pleasure to the Contrary, to Grant Pardons from tyme to tyme in our Name vnder our Greate Seale of our said Province to all persons whatsoever (excepting all and every of the persons who are excepted or intended to be excepted from Pardon in our declaration sent thither the last yeare bearing date the Six and twentieth August in the Eighteenth yeare of our dominion over the said Province Annoq. dñi one thowsand Six hundred fforty Nyn, both for their persons and Estates, in whole or in part for all Crymes and Misdemeanors whatsoever Committed, or to be Committed by them, or any of them respectiue: Provided that all persons respectiue soe to be pardoned as aforesaid doe take the Oath of fidellity to vs and our heires (a Copy whereof is herevnto annexed) before the Passing of any such Pardon to them, or any of them respectiue to be administred by our Secretary there for the tyme being, which said Oath Wee are also willing shall in the

like manner be administred in steed of a former Oath of fidellity annexed to our last Conditions of Plantation bearing date second of July one thowsand Six hundred fforty Nyne to all persons that shall have right, or Clayme to any land in our said Province of Maryland by vertue of those our last, or any other our Conditions of Plantacōn or Warrant from vs, in regard Wee vnderstand some Scruples hath bene made of the former Oath vpon a strong jellousie raised it seemes by some there. That by the word Propriety all the land formerly granted by vs to others in that Province should absolutely devolve againe to vs in the same manner, as if wee had never granted it, which truly Wee conceiue was a very strange interpretation of that Word, and very farr God knowes from our intention, Nor Certainly could it with any Cullour of reason much less of Justice be wrested by any well disposed person to any such sence. But Wee doe hereby declare that vpon the taking of the said Oath of ffidellity herevnto annexed by any person or persons having a Cla[yme] to any land land there, by vertue of any of our [Con]ditions of
p. 22 Plantation, or any other Warr[ant] our said Lieutenannt there for the tyme be[ing] shall haue power to Grant to them, or any of them respectiuey who shall soe take the said Lands in our said Province according to our said Conditions of plantation, or other warrant from vs in the same manner, and vpon the same tearmes and conditions and noe other wise, as if they and every of them had taken the said former Oath of fidellity above-mentioned. And whereas wee vnderstand that divers Persons haue land due vnto them there before our last, and vpon of former Condition of Plantation, which they haue neglected to take Grants of in due tyme, Wee Doe hereby declare that it shalbe lawfull for every such Person to Claime and haue Grants of the said lands respectiuey vpon the said last Conditions of Plantation So as Grants thereof bee past vnder the Great Seale, there, vnto them respectiuey within the tyme limited by the said last Conditions of Plantation, and not otherwise. And in compliance with a desyre in a letter which wee lately receiued from the Maior p^t of the Vpper and lower Howse of our Gennerrall Assembly held there in Aprill last Wee doe hereby Ratify and confirme such Sale and disposition of our stock of Neate Cattle and personall Estate there as was made thereof from and after the death of our late deare brother of Noble memory Leonard Calvert Esquier vntill the One and twentieth of Aprill one thowsand Six hundred fforty Nyne, Excepting our ordinance and also such other things of ours as did at that tyme (viz^t on the one and twentieth of Aprill afore-said) remaine in the hands of M^{rs} Margarette Brent vndisposed of, or that were or have at any other tyme before or since bine

sould or disposed of by her to her brother M^r Gyles Brent or to her Sister M^{rs} Mary Brent or to any other pson or persons in trust for them, or any of them. Provided allwaies that in Liewe of our said Stock and personall Estate the Cattle vnder-taken to be raised for our vse, viz^t Sixteene cowes and a Bull, by an Act passed in the Assembly held at Saint Maryes on the said one and twentieth of Aprill one thowsand Six hundred fforty Nyne and intituled An Act for the Support of the Lord Proprietary be accordingly provided & raised for vs as afore-said by an assessment of the then Inhabitants of the said province and delivered to the Commissioners of our Thresury there for our vse, at or before Aprill 1651 and not otherwise, By all which Wee doubt not but all the People there will Cleerely see how great a desire wee haue to comply with them in any thing Wee can though with much preiudice to our selfe, and how willing wee are even to departe from our selfe for their Good. And whereas Wee are informed that the said Thomas Greene abouementioned did make vse of his Priviledge of being a Councillor there to protect him from paying his debts, Thereby abuseing to our Great dishonour our authority there, which was farr from our intention that any of our Councill p. 23 should doe, not imagining that any whom wee should honor with soe great a dignity, and trust would be soe vnworthy as to make any such vse thereof. Wee doe therefore hereby declare for prevention of the like inconvenience hereafter, That till Wee or our heires shall signify our or their pleasure to the Contrary every one of our Councill or other Officers there shalbe lyable to be proceeded against legally for any debt trespass, Cryme or misdemeanor in the same manner, mutatis mutandis, as any of the Councill or the like Officers in Virginea respectiuey haue bene vsually & legally for tenn yeares last past in the like cases proceeded against in that Collony of Virginea. And this wee suppose wilbe aswell a sufficient provision for the prevention of oppression or iniustice to others by any of our Councill or other officers there, as for the due Execution of Justice vpon them and every of them vpon all occasions, And in further answere to the letter to vs aboue mentioned from the said Maior part of the Vpper and lower Howse of our said Gennerall Assembly held there in Aprill last, Wee say that Wee haue caused most of those lawes, which wee had notice of were passed in the said Assembly and also of those passed in the Assembly before held at Saint Maryes in Aprill one thousand Six hundred fforty Nyne above mentioned to be engr[ossed] together in Parchment, and to be sent herewith [thi]ther, with our Assent vnto them in an Instru[ment] in writing vnder our hand and greater Scale [at] Armes there-vnto annexed as thereb[y] appeares, and wherevnto for more

certainty, [wee] referr ourselfe, wherein wee haue also giuen some power to our Lieutennant there for the tyme being [for] the Enacting and repealing of temporary lawes soe farr as Wee thought reasonable and sufficient for the satisfaction of the People there, and in compliance with a desire in the said letter to that purpose As for any other thing conteyned in the said Letter Wee referr the Assembly there to you our said Lieutenānt William Stone for answeere therevnto according to our Instructions sent herewith to you and our Councell there. Wee are Sorry to vnderstand that John Jarbo one vnto whom Wee wished well, hath behaved himselfe so vnmanerly and contemptuously towards you our said Lieutennant William Stone as appeares by severall depositions sent vnto vs this yeare hee hath done, which wee doe and haue reason to resent as an affront don vnto ourselfe, wherefore wee require you our said Lieutennant and the Rest of our Councell there to be very dilligent in vindicating our honnor on all such occasions of contemptuous or scandalous words or accōns against our said Lieutennant there for the tyme being as spoken or done against our owne person which hee represents in that Province. In order wherevnto Wee will and require you our said Lieutennant and Councell there (in case the said Jarbo be not duly punished for his said high misdemeanor, or be vpon his submission pardoned for it before the publishing hereof, in our said Province) to cause such punishment to be inflicted on him as his offence deserveth vnless vpon publick acknowledgment of his fault in open Court there, hee doth humbly submitt himselfe to you our said Lieutennant, and Crave your Pardon for the same with good assurance of his part that hee will not fall into the like Error hereafter, but comport himselfe with that respect, duty and Obedience to you as hee and all others respectiuey vnder our Government there ought to doe, vpon which submission acknowledgment and assurance wee are willing, (but not otherwise) that this first fault of his in that kind should be pardoned in regard hee hath formerly well merritted of vs, and our said deare brother deceased, And whereas there hath bene some aspersions (as Wee are informed) lately laid vpon our said Secretary Thomas Hatton gent by one Walter Pakes Concearning some words pretended to be spoken by our said Secretary in relation to the Roman Catholickes there, Wee doe hereby declare that Wee are fully satisfied of the Innocency of our said Secretary by his owne oath of Purgacōn of himselfe in that perticular lately sent vnto vs, and also by the said Letter from our Assembly abouementioned, And doe therefore Require you, our said Lieutennant and Councell there, (in case it be not already don) to doe our said Secretary right against the said Pakes according to Justice, whereby our said Secretaryes Reputation

therein may be fully vindicated from that fowle imputation which the said Pakes endeavoured to lay vpon him, And in regard our said Secretary hath bene faine to neglect his owne privat occasions this Last yeare very much for the publick service of vs and the Collony there, whereby being but lately come thither and vnprovided of a settled habitation hee hath bene putt to great streights for the provision of himselfe and family, And had not (as Wee are informed the twenty Barrells of Corne which wee appointed hee should haue had out of our Rents there, the last yeare Wee Doe therefore hereby declare our Will and pleasure to be that hee shall haue the said twenty Barrells of Corne out of our next Rents due vnto vs, there, and also two thowsand weight of Tobacco out of the arreares due and as yet vnpaid vnto vs for Custome of dutch Shippes which traded there the last Cropp and shipping tyme for which wee shall giue allowance vpon the accompt of our Comission^{rs} for our Thresury there vnto whom this shalbe a sufficient Warrant and discharge in that behalf And whereas in regard of our said Secretaryes other imployments hee can hardly haue leisure to execute the place of our Attorney Gennerall there, Wee doe therefore hereby authorize and require you our said Lieutenant William Stone to appoint some other fitt person there to execute the place for the present in the same manner as [the] said Secretary was impowered to doe by his Com[iss]ion from vs, to that purpose and noe otherwise till [wee] shall some other Way dispose thereof allowing reasonable fees yearely vnto him, for his paines of our Rents and Revenues there, as you shall thin[ke] fitt during his imployment therein, But in cas[e] our said Secretary can have leisure and be willing to continue the Execution of the said Office of our Attorney Gennerall Then our Will is that he be permitted soe to doe without appointing any other therein and that he be allowed the said fees abovementioned, Wee haue great reason to be willing, and ready vpon all occasions to gratify amongst divers others who have deserved well of vs there, John Mettcalfe gent and Lieutenant William Lewes who haue each of them made Suite vnto vs lately to bestowe the Sherriffes place of Saint Maryes vpon them respectiuey, And Wee haue thought fitt therefore hereby efficaciously to recomend both both of them vnto you our said Lieutenant William Stone to the end you may make Choice of one of them (who shall appeare vnto you most fitt) for that office, and to appoint the other of them (if you find him fitt for it) to be our Receiuer Gennerall there, or in case you find the said Lieutenant Lewis more fitt and willing (as wee vnderstand hee is) to be our and the Collonyes interpreter Gennerall there, for the Indian Tongue, and that you can prevaile with the Assembly there to consent to some

reasonable allowance from the English Inhabitants of that Province for his paines and attendance in that imployment, Wee desire that you our said Lieutennant William Stone will vse your best Endeavours in obtaineing thereof for him. And Wee doe hereby also recommend him, for that purpose to our said Gennerall Assembly desiring they will at our request take it into consideration and consent to such a Competent yearly allowance to be raised for that purpose for him as aforesaid not doubting but that as hee is very fitt for such an imployment by reason of his knowledge in the Indian tongue Soe he will well deserue the same from the Inhabitants of the said province in that office. And wee shall esteeme it as a pticular respect shewed vnto vs there in by our said Gennerall Assembly. And wee will and require our Lieutennant of our said Province of Maryland for the tyme being to cause this our declaracōn to be read, to the Vpper and lower Howse of our Gennerall Assembly there, and to be published at the vsuall places of publishing our ordinances and Edicts in our said Province Given vnder our hand and Greater Seale at Armes the Sixth of August in the Nynteenth yeare of our Dominion over the said Province of Maryland, Annoq. domini One thowsand Six hundred and fiftty

Wee whose names are herevnder written Doe hereby testifie vnder our hands that in the Assembly held at Saint Johns Anno 1647. Thomas Greene Esquier then Governor of this Province proposed a Bill to the ffreemen then sitting in Assembly wherein hee demanded twelve thowsand pounds of Casked Tobacco and thirty barrells of Corne, and a howse befitting his person to liue in towards his support to be levyed vpon the Inhabitants of this Province, and to be delivered to the said M^r Greene for that yeares maintenance wth allowance of ten pounds p cent to the Sherriffe for his paines takeing in levying & collecting the said Summe, which being denyed by the ffreemen then assembled the said M^r Greene denyed to be vnder lawe, and that hee would be only tryed by his Lord and Master, adding further that if the freemen would comply with him in his said Bill of maintenance he would ioyn with them in their protest against the lawes then pretended to be in force.

OF

CECILIUS CALVERT, LORD BALTIMORE,

Cæcilius &c^a To our right trusty and Wellbeloved Will^m Stone Esq^r our Lieu^t of our said Province of Maryland and to our right trusty and well Beloved the upper and Lower house of our General Assembly there and to all other our Officers and Inhabitants of our said Province Greeting we cannot but much wonder at a message which we understand was lately sent by one M^r Lloyd from some lately seated at Ann Arundell within our said Province of Maryland to our General Assembly held at Saint Marys in March last but are unwilling to impute either to the Sender or deliverer thereof so malign a sence of Ingratitude and other ill Affections as it may seem to bear conceiving rather that it Proceeded from some apprehensions in them at that time grounded upon some reports in those parts of a dissolution or Resignation here of our Patent and right to that Province which might perhaps for the present make them doubtful what to do till they had more certain intelligence thereof from hence and we hope they are as willing as we that we should so understand it wherein we shall be the more Confirmed if upon finding by Letters this year from their Friends here (and in particular from M^r Harrison those Rumours and Reports to be false (as they are) which we are informd were spread their by some ill Affected Persons they shall for the future Give us better Satisfaction of their intentions and integrety towards us not only by Conforming themselves with the rest of the Inhabitants to the General Government of that Province under which they did Voluntarily put themselves but also by Concurring in all reasonable things with us for the publick peace and happiness of that Province as well as for the firm establishment and preservation of our right there and especially in those Laws which their own Burgesses in a former General Assembly together with the other members thereof have already Consented unto and unto which we farther full Satisfaction sent last year our Assent with such alterations as they themselves desired as by our said Assent under our hand and Greater Seal at Arms transmitted thither more at large appears unto which we refer you (those Laws Providing as much for the Good and Security of the People their as for our own) in Consideration therefore of a better Compliance from those People with us and our Government there for the future we shall not any further expostulate or make any further Reflection on that message till further occasion Given us by

 only in mind that a Government divided in it self must needs
 bring Confusion and Consequently much misery upon all the
 People under it wherein the Authors of such Division if it
 should Continue which God forbid are like to have as Great if
 not Greater share in the end then any others whatsoever they
 may fancy to the Contrary the fomentors of discord may justly
 expect sad Calamatys from the same if they do not in time see

 Honour and Conscience and in Justice to Our self as well as
 for the publick peace and welfare of the People under our
 Government there to provide for as well as we can that is in
 the first place to admonish them thereof but if that will not
 Prevail then to make use of our Authority with the Assistance
 of well Affected Persons to Compel such factious and Turbulent
 Spirits to a better Compliance with the lawful Government
 there and accordingly we do hereby will and require you our

 future refractory in that kind and do also require as well
 Our Councill and General Assembly as all other our Officers

 rebel to the lawful Government thereof and that in such Cases
 our Lieutenant and Council of the said Province for the time

Present as yesterday. The Opinion of the Governor &c. To the paper presented yesterday from the lower howse is as followeth

The Speaker and howse mett in the Vpper howse at a conference. And vpon debate it was declared (as to the queres) by the Governor, It is his Judgment that the Lord Proprietary by himselfe or his Deputy ought to be present and have a Casting voice, and that as Governor he had not any power to Confirme lawes made by the Burgesses for any longer tyme then vntill his lo^p or his heires should declare their disassent. But he did believe the intent of the King in his lo^{ps} Pattent was that the ffreemen by writt assembled either by themselves or their deputies should make and Enact lawes, and those lawes soe made were to be published in his lo^{ps} name, and then to be in full force. Provided they be agreeable to reason, and in noe case repugnant to the Lawes of England

The Secretary did and doth declare, that it is not in the power of the Burgesses by themse[lves] without the assent of the Lord Proprietary or [the] Governor lawfully therevnto authorized by his [said] Lo^p to enact any lawes within this Province

Thomas Gerrard his Opinion being demanded, as a privat man sumoned by w^{rit} not one of his lo^{ps} councell, but as formerly hath bene as Lord of a Mannor doth give his opinion with the Governor. But further saith that his Opinion is that if any Lawes be enacted by this Assembly or any other be

U. H. repugnant or not consonant to reason to either the lawes Customs or Statutes of England, My opinion is that they ought
Journal 1659-69 not to make them for lawes nor my Lord Baltemore nor his Lieutenant vnder him to giue their Assente.

p. 76 I doe conceive that according to his Lo^{ps} Pattent the Bur-
 gesses are not the Supreame power, or can make lawes with-
 out the consent of his lordship.

I do not pass any Vote against my Lords Pattent

Collonell Nathaniell Vtye delivered his opinion in the same

In the afternoone of this day came the Speaker and lower

The Secretary refused to enter into the lower howse with the Governor vpon those tearmes it being a manifest breach of his lo^{ps} Right Royall Jurisdiction and Seigniory, and offered his reasons, and desired to haue them entred vpon Record in the Journall of the Lower howse, but was denied it by the Governor Wherevpon hee and M^r Baker Brooke departed the howse (after leave asked) and given in these words or to this effect (vizt) you may if you please, wee shall not force you to goe or stay, vttered by the Governor

The humble petⁿ and Complaynt of Tho: Cornwallis Esq^t one of the first & cheife Adventurers for the planting and Jnhabiting the fores^t Province

Sheweth

That whereas the Compl^t as itt is well knowne hath att his greate Cost and Charges from the first planting of this Province for the space of twenty Eight yeares been one of the greatest Propagators & Jncreasers thereof by the yearely Transportacōn of servants whereof divers haue been of very good Ranck and Quallity, towards whome and the rest he hath alwayes been soe carefull to discharge a good Conscience in the true pformance of his promises and obligacōns that he was never taxed with any breach thereof though itt is also well knowne & he doth truly averr itt, that the Charge of soe greate a family as he hath alwayes mayntayned was never defrayed by their labo^r.

Now soe itt is that the Complt intending to returne out of this Province into England with his wife there to Reside, and to leave the managem^t of his affayres in this Province with Richard Hotchkeyes and M^{rs} Anne Tilney one John Nicholls an Inhabitant of this Province who had been long and much indebted to the Complt, and from yeare to yeare forborne by him without ever takeing one penny of him for the damage of non payments being growne very poore and vnable by his labo^{rs} to pay his debts, and mayntayne himselfe wife and Children did some two or three moneths before the Compl^{ts} departure for England in the yeare 1659 sell the Complt his plantacon And more to lessen his Charge did by the mediation of the s^d Rich^d Hotchkeys M^{rs} Anne Tilney and others earnestly Jmportune the Complt. & his wife to take his eldest daughter named Hester being ab^t 10 or 11 yeares ould, an Apprentice for five yeares which the Complt refused and yett att last by the earnest sollicitacōn of the sd Nicholls himselfe and others in his behalfe. And in Commiseracōn of his poore Estate and the sd child who was in a very poore Condictōn for want of Cloathes as well Linnen as woollen, did Condiscend to accept her for seaven yeares, And accordingly an Jndenture was drawne Signed & Sealed by the said Nicholls and his daughter in the p^sence of the s^d Hotchkeys and John Abington without any other Condition than w^t was Conteyned in the s^d Jndent^r. And whereas in a petⁿ to this hono^{ble} Courte the 11th of February 1661 Jtt is falsly alledged by the s^d Nicholls that the Complt did earnestly press him for his s^d daughter promising she should doe nothing else but wayte vpon his wife who itt is well knowne wanted noe Attendants of farr better fashion, And was shortly intended to goe for England with the same may^d she brought with her, with noe Resolucōn as was well knowne to the s^d Nicholls of returning againe into this Province. And to bee att the Charge of transporting or keepeing such a Rude Rawe ill bred Childe for or in England where Servants of all sorts may be had on Easier tearmes, is altogether Jmprobable yett how otherwise she should doe nothing else but wayte vpon his wife or that he the s^d Cap^t should take as much Care for her as his owne Child which is also Sworne by his Confederate Edward West, he humbly desires this hono^{ble} Court to take into their serious Consideracōn as alsoe the last Clause of the s^d Nicholls his petⁿ wherein he Craves that his daughter may not be made a Slaue a tearme soe Scandalous that if admitted to be the Condictōn or tyle of the Apprentices in this Province will be soe distructive as noe free borne Christians will ever be induced to come over servants. of all which falsetyes the s^d Nicholls and West were soe Conscious (as the Complt hath reason to beleive that they

And as the Complt is informed had a designe to marry his s^d daughter, In Consideracōn of all which p^{ro}misses with the illegallity of the Verdict wherein the Complt without ever being heard or any Wittnes in his behalfe Examined is asperst vpon Record with fraud and deceit, which he abhorrs, And is in his Conscience altogether Innocent haueing att that tyme as is well knowne neere twenty Servants to mayntayne And had noe need of soe vseles a Servant to increase his charge but only in charity to the s^d Child & her father who in 3 yeares tyme never challenged any such promise as he now suggests of the Complt^s nor att his last being in Maryland ever complayned to him of her employm^t or keepeing which was yett noe other then as one of his Ordinary Mayd serv^{ts} as doubtles he would haue done had there been truth in the oathe or allegacōn made in his absence to this hono^{ble} Court. To whome in parliam^t or Chancery by the lawes Customes & usages of Engld and this Province itt belongs to releive the injured ag^t Surreptitious judgm^{ts} nothing being more Comōn in this nacōn then reversing of Judgm^{ts} vpon writts of Error in the equity or legallity of the proceedings which being Evident in the fores^d verdict he humbly prayes itt may be vacanted & the ord^r thereupon Reversed, whereby yo^r pet^t may haue his Reputacōn vindicated, The Servant or satisfaccōn for her tyme restored to the R^t Owno^r. The abused serv^{ts} and apprentices of this Province righted, by all which if the s^d Nicholls or any other p^{er}son finde themselves aggrieved the Complt is ready to answer any Bill that shall be Exhibited legally ag^t him, Provided he haue notice & sufficient tyme given him for itt. And the howse mett againe

Then came from the lower howse these reasons following
which they desired might be putt vpon Record in case this
howse thought not fitt to pass the Act for Secretarys ffees.

The heads of reasons of the lower howse of
Assembly why the Act for Secretarys
ffees should pass.

As to the 12^d p pole, the Assembly haueing seriously Con-
sidered the small proffitt of the Secretarys place by reason of
the little Quantity of land that remaynes vnpatented which
they Conceiue was the cause of the last Assemblyes passing
that Act therefore doe thinke itt very fitt Jtt be Continued &
the rather because the respectiue Masters haue rec^d the said
12^d p pole in England which wee must Confes would looke very
strange & savor not a little of Injustice to take of what is given
for the support of his Lop^s Officers and giue itt to the Masters
of ships, And as for all the other ffees conteyned in the s^t Act.
Wee who are the Representative of the people conceiue them
not att all burthensome to the people of this Province, nor any
way Extravagant by reason of the greate trouble the Secretary
is att in his frequent goeing aboard the respectiue Vessells in
doeing his duty w^{ch} by his Office he stands obliged too, there-
fore if the Act which this howse p^rsented to the Vpper howse
Entituled an Act for addicōn to & Amendm^t of that Act for
the Secretarys fees may not pass. p. 188

Wee desire the Act made last Assembly may Continue &
remayne in force as itt is without any Amendm^t or Alteracōn.

After readeing of these reasons the opinion of the Major pte
of the howse was, that the Act for the Secretaryes ffees aboue
mencōned ought not to pass.

The p^rmisses Considered yo^r pet^r humbly
 Craves such Releife for his vnjust molestacōn

And as in duty bound he shall

The Charge

That Doctor Luke Barber did call Ellinor the now wife of Henry Spinke whore that he did divers tymes affirme that she was a Whore & that he had taken her with her Coates vp and that Rogue Thomas Hughes with his breeches downe. And that he brought none but Rogues and Whores out of England

This being the Charge my Adversary accuses me with tis his duty to prove itt actionable yett for satisfaccōn of this hono^{ble} Court I shall for once Endeavor to prove the negative (vizt)

That none of all the Charge is actionable & that out of Shepard & his authorities being the very booke the hono^{ble} Leivtenn^t Generall Chancellor and this hono^{ble} Court the other day made vse of in a case of the like nature ffirst then as to the words (whore) the said Shepherd fo 76 affirmes positively

The answere of Thomas Gerrard to the errors assigned by Marmaduke Snowe plt in a case depending between the s^d Gerrard & the said Snowe in a Courte of Chancery held 21th ffebruary 1662

ffirst That Snowes first Error alledged is meere fiction, supposicōn and false for that there was never any Recognizance of the s^d Gerrard given in any Court of Chancery in this Province Relateing to the s^d Snowe or others from whome he

pretendeth Right or power, and therefore that Error is humbly supposed to be vshered in, Rather to amuse this Assembly wth fallasy and vncertainty then vpon any ground of truth Lawe, or Reason for the Court gave Judgem^t as well vpon the view of Abell Snowes booke of acc^t as severall other papers.

To the second Error the s^d Gerrard doth positively deny that the hono^{ble} Chancellor now being was att the tyme of the judgem^t or the dismiss of the Court of Chancery in the s^d Case before menconed, Cheife Judge of the Court of Chancery for th^t before that tyme or att any tyme since he never was by authority proclaymed as cheife Judge of the Chancery Court or was he reputed or taken soe to be or ever admitted soe to sitt or did he ever that he knoweth thereof assume that place or power as Cheife Judge of that Court But that the Leivtenn^t Generall that now is hath from tyme to tyme by vertue of his Com^{on} as he supposeth satt as Judge of that Courte since his Arrivall into this Province, for other ways if itt should be granted that the hono^{ble} Leivtenn^t Generall in Judgem^t of lawe sitting in the Courte of Chancery be inferiour in place or precedency to the Chancellor were to render the person whome he Representeth, to say the R^t hono^{ble} the Lord Prop^{ty} inferior to those w^{ch} are subjects vnder his dominion which would seeme strange and incongruous both to lawe & reason. And the s^d Gerrard doth suppose that the Chancellor is not constituted here in this Province according to the full & ample authority & regulacōn of the lawes and Customes of engld. But by vertue of a com^{on} from the Lord Prop^{ty} of this Province and soe hath not such ample authority as is supposed, but grant itt were soe yett nevertheles the Lord Prop^{ty} hath not as yett parted with his perticuler authority in that Court for the s^d Leivtenn^t Generall doth to this day sitt in Chancery as cheife Judge and all Addresses are made to him & his Councell & soe was itt in Snowes case therefore the second Error cannot howld but is as the s^d Gerrard supposeth superfluous & immateriall

p. 217 To the third Error the s^d Gerrard answereth and sayth that what the s^d Snowe doth principally alledge is false and vntrue for that the Courte was not surprised nor did they give their Judgm^{ts} really vpon any Evidence produced before them but vpon the view of the Records of this Province And the comparacōn of Abell Snowes booke of acc^{ts} & the s^d records & papers by which itt did plainly truly & clearly appeare That that Recognizance was sattisfied in lawe as by the Records of that Court may more plainly appeare the Coppy of which the s^d def^t hath heere to produce but grant itt were soe yett nevertheless Snowe by his mutuall consent & submission to the Arbitracōn of the board hath concluded himselfe in poynte of

Tho. Notley Attorney to
Thomas Gerrard

Wherevpon the howse Considered the two poynts in th^t plea to the first Error (vizt) first that there was never any Recognizance of the said Gerrard given in any Court of Chancery in this Province relating to the s^d Snowe or others from whome he pretendeth right or power

Secondly that the Error is not rightly layd because the Court gave judgem^t vpon the view of Abell Snowes booke of accounts and other papers wherevpon was produced the Originall Recognizance taken before the R^t hono^{ble} the Lord Proprietor in England and the Record of itt in the Court of Chancery of this Province.

And putt to the Question

Whether the Recognizance taken before the R^t hono^{ble} the Lord Prop^r in England & certified by him from thence and here entred vpon Record in Chancery be a Recognizance in Chancery of this Province as good as if itt were originally acknowledged in this Province

p. 218

The Leiv^t Generall

In the negative

m^r Baker Brooke

Resolved

That the Recognizance before specified is A Recognizance given in the Court of Chancery in this Province

Putt to the Question whether the Error be Rightly layd yea or not.

Resolved in the negative

Because the Court as appeareth by the Record did give Judgem^t vpon view of the Records.

Then was taken into Consideracōn the second Error (vizt) the power of the Chancellor and his dissent, and waved

Then was taken into consideracōn the third and last Error

Voted Error

And resolved first by what appeareth vpon Record the ground of the dismission Snowes Cause XXIth of ffebruary was the testimony of Thomas Manning Hugh Stanley W^m Hollinsworth Richard Moore ffrancis Jackson & omnes reliqui as the Record sayth and the letters of ad^{com} of Justinean Snowes and the Quietus est therevpon granted

secondly that the Quietus est being found vpon better view of the Record of testamentary causes to beare date the first of Aprill 1640 could not possibly be in Justice construed to discharge a debt acknowledged 19th June 1640 which was neere three moneths after.

Thirdly that a Recognizance vpon Record can not be avoyded but by satisfaccōn vpon record

p. 219 ffourthly that although the Clk hath by misvnderstanding vsed the word Arbitracōn the Court did not sitt as Arbitrators but as Judges as appeares by the words following vizt & desires Judgement of the board vpon ffryday 20th ffebruary And did therefore Sattirday 21 of ffebruary judicially order the dismission of the Cause as apeares by the words Court thought fitt and ordered &c.

Then came this following paper from the lower howse (vizt.)

Tuesday 20th Sept. 1664.

Cap^t Thomas Stockett informeth the howse that there is a certaine Cinigo Indian Prisoner in their County the Charge of whose imprisonm^t will be greate when itt is brought in not knowing how long he may Continue Prisoner there. This howse humbly requesteth the Vpper howse to Consider of itt To the End the future Charge concerning that Indian be p^rvented.

W^m Bretton Clk.

The Vpper howse will take care that the Prison^r shall be sent for downe to S^t Marys to avoyd Charge

John Gittings Clre.

Then came a Member from the lower howse with the Act for p^rservacōn of Articles with the Sasquehanough Indians.

vpon which was Endorsed and returned to the lower howse this (vizt)

first the Vpper howse desire to have these words struck out of the Act (vizt) that the Leivtenn^t Generall & Councell have power to rayse such & soe many Voluntiers

U. II.
Journal
1659-69

Secondly that second Clause Provided that the Leivtenn^t Generall and Councell imploy not more men then their pay be defrayed wth the sume of six thousand pounds of tobacco &c.

Thirdly that Clause provided also that noe Serv^t be imployed on such service without his or their Masters or Mistresses consent

This last Clause is thought inconvenient because the officer that accepts of Volunteers for this service cannot tell when any person offers himselfe as a Voluntier whether he be not a serv^t Runaway from some Master a farre of and soe may be a lyable to be Questioned by this Act, And the Sence of this howse is that noe serv^t can be a Volunteer as before vrged by this howse in the paper sent 19 instant.
